Manage your communication preferences at bell.ca/email-updates.

Current as of July 18, 2023. Available to new residential customers in select dwellings in Manitoba who live in a building or house that is eligible for this offer, who receive this letter, where technology, access and availability permit. **Fibe Internet:** Modem rental included. A wired connection and at least one additional wired or wireless connection are required to obtain total download speed. Maximum upload speed can only be obtained on a wired connection. Speed experienced on the Internet may vary with your technical configuration, Internet traffic, server, your environment, simultaneous use of IPTV (if applicable) and other factors. **Fibe TV:** Receivers are rented and may be new or refurbished at Bell's choice. Fibe TV may be incompatible with closed-circuit television systems in your building and affect access to security features, such as lobby camera. Other restrictions apply. Subject to change without notice. **(1)** The Fibe TV app is available with compatible devices. Usage charges may apply if viewing without an unlimited plan. Download & Go is available on smartphones and tablets for select on demand add-on content and recordings if your TV service includes PVR features on the app. When included, recordings are available for maximum 60 days on the Fibe TV app. Select content may be unavailable on the app, including in-home or out of home, or when viewing with a third-party Internet connection. Content subject to change without notice and blackout periods may apply. Viewing live content on your TV screen with a Bell Streamer, Google Chromecast™, Apple TV (4th gen. or 4K box), AirPlay, Amazon Fire TV (basic edition or higher) or Android TV (Google-certified) is only available in-home and requires eligible Bell Internet. **(2)** A separate subscription to each application service may be required to view its content. Viewing content on the app will count towards your monthly Internet data usage. Access to YouTube and Prime Video available on TV connected to 4K PVR only. **(3)** Based on number of subscribers in Canada as of September 17, 2021. **(4)** Based on a third party score (Global Wireless Solutions OneScore™) calculated using wireless network testing in Canada against other national wireless networks.
